**School Goals**
Cedar Ridge Middle School strives to prepare each student to be successful, not only in school, but in the world beyond school. To reach this goal we are committed to providing student centered, culturally relevant instruction and to maintain high expectations for all students. We work diligently to develop students who can think critically, solve problems, and learn independently. We encourage you to partner with us in this effort by monitoring your student’s attendance and academic performance, volunteering, and attending school functions.

**State Goals**
The Oregon Department of Education is partnering with school districts and local communities to ensure a 90% on-time, four year graduation rate by 2025. To progress toward this goal, the state will prioritize efforts to improve attendance, provide a well-rounded education, invest in implementing culturally responsive practices, and promote continuous improvement to close opportunity and achievement gaps for historically and currently underserved students.
