VISION: CHILDREN THRIVE HERE!
Our mission is to provide students access to rigorous, robust, and reliable educational experiences that will prepare them for a successful future.

HOW DO WE HELP CHILDREN THRIVE HERE?

Connect all stakeholders through interactive communications and engagement: School Board, parents, teachers, Superintendent’s Leadership Council, school site councils, parent/teacher organizations, education foundation, business partners, school volunteers, community members

- Help every student discover their pathway to academic success
- Create 21st Century learning environments with embedded technology
- Prepare every student to graduate ready for career or post-secondary education
- Grow teaching and leadership capacity through professional learning communities

- Inspire students to pursue excellence by improving classroom instructional practices
- Foster self-reliance and an eagerness to learn
- Demonstrate relevance of education to career and life
- Nurture students’ social and emotional skills

Kindergarten through 2nd Grade: Every child learning to read
3rd through 5th Grade: Every child reading to learn
6th through 8th Grade: Every child ready for high school
9th through 12th Grade: Every child graduating ready for career or post-secondary education
**BOARD GOALS**

Continually work to improve instructional practices that will inspire students to pursue academic excellence and become responsible and productive citizens.

Increase high school graduation rate.

Provide on-going professional development to ensure implementation of best-practice teaching strategies.

Unite students, staff, and community through comprehensive engagement strategies and two-way communication channels.

Identify and develop Career and Technical Education (CTE) programs of study that align with high wage jobs and industry needs.

**OPPORTUNITIES FOR CHILDREN TO THRIVE**

Four Head Start and Oregon Preschool Promise classes hosted at Sandy Grade School.

Student access to a global educational network and virtual course work.

Lab classes and interventions for students not on track for meeting their academic goals.

A comprehensive high school that offers CTE course offerings, an Honors Diploma, AP courses, online courses, and college dual-credit courses.

A middle college program in which students may earn their high school diploma and up to 72 college credits.

Mental health first aid training to help staff identify, understand and respond to signs of mental illnesses and substance use.

A recognized leader in implementing safe and secure learning environments.
