**STUDENT PARKING GUIDELINES**

Certain school regulations are necessary because of legal demands, parental demands, limited parking and dangerous traffic patterns. Parents and students should consider natural resource and energy conservation issues in the decision to use private vehicles for transportation to school. Permission to drive a vehicle onto the school grounds may be revoked for demonstrated cause and vehicle may be towed. Any licensed driver attending Oregon Trail School District may drive a vehicle onto the school grounds under the following conditions:

1. Students will be required to pay a $20.00 vehicle registration fee to Sandy High School. Any fee or charge not paid may prohibit the student from participating in school privileges and extra-curricular activities. Payment of the registration fee does not guarantee a parking space. Fees collected support parking maintenance and security. Parking permit must be in vehicle in full view at all times.
2. Student vehicles must remain on the school grounds during the hours in which school is in session unless permission to leave is obtained from the school administration.
3. School rules, courteous and preventive driving procedures, proper parking, and local and state traffic laws must be followed when operating vehicles on school grounds.
4. Students who have permission to drive and who violate these regulations or drive in an unsafe manner will be subject to disciplinary action and/or lose the privilege of driving, and or, parking on campus.
5. A $20 fine will be assessed for all parking violations and reported to local authorities.
6. After the third fine, parking privileges may be revoked.

The Oregon Trail School District assumes no responsibility or liability for vehicle use, theft or vandalism while on school property.

**WHERE TO PARK**

All students are to park in the designated student parking areas only. **No students are to park in the staff or visitor spaces or in any undesignated areas (which include the health clinic spots, bus loading and unloading zones) during school hours.** Doing so may result in having their vehicle towed and/or having a SHS fine assessed.

Registration of vehicle is necessary to park on SHS property within the limited parking areas.

- Permit is non-transferable.
- Poor attendance may affect your eligibility to park on school property. (See your planner)
- Parking permit must be in vehicle in full view at all times.

I have read and agree to the above information.
